<request>

You are working on an issue in the 'christianhelle/apiclientcodegen' repository.

<repository_context>
I've cloned the repository in the directory /home/runner/work/apiclientcodegen/apiclientcodegen (not in /tmp/inputs). Always use absolute paths when referring to files in the repository.
</repository_context>

<current_datetime>2025-11-16T16:54:20.711Z</current_datetime>

Consider the following problem statement:

<problem_statement>
Update the Spectre.Console.Cli nuget package to the latest version and fix issues to due possible breaking changes in the library
</problem_statement>

Implement the necessary changes to the repository so that the requirements specified in the <problem_statement> are met.

Ensure that you lint, build and test early and iteratively to validate each code change thoroughly.
