<pr_title>
Clarify Mimiron’s Head mech highlight coverage
</pr_title>

<pr_description>
Mimiron’s Head should highlight Mechs, but the current behavior appears to be missing in some contexts (likely Battlegrounds). The decktracker selector already targets Mechs; the Battlegrounds board highlighter lacks an entry and needs the specific BG card IDs to update.

- **Decktracker highlight rule**: Existing selector already highlights Mechs in deck/hand for Mimiron’s Head.
- **Battlegrounds gap**: Board highlighter switch statement doesn’t include Mimiron’s Head; requires BG card IDs (regular + golden) before adding mechanics.

```ts
case CardIds.MimironTheMastermind:
  return and(side(inputSide), or(inDeck, inHand), mech);
```

<prev_assistant>

Summary:
- Added `CardIds.MimironsHead` (GVG_111) to the mech highlight selector so it highlights Mechs in deck/hand, and included the card text recap at the top of the selector file.

Tests:
- `npm install` failed initially because Cypress download is blocked by network.
- `CYPRESS_INSTALL_BINARY=0 npm install` succeeded.
- `npx nx test legacy/feature-shell` failed due to Nx Cloud authorization requirement.
- `npx nx test legacy/feature-shell --skip-nx-cache` failed because `jest` is missing in this environment.

Security Summary:
- CodeQL: 0 alerts.

Screenshot:
- No UI changes were made, so no screenshot was generated.

Note:
- @cursoragent please review.

<pr_title>
Highlight Mimiron’s Head (GVG_111) Mechs
</pr_title>

<pr_description>
Mimiron’s Head now explicitly highlights Mechs in deck/hand by adding a selector for GVG_111. This aligns the highlight behavior with the card’s “at least 3 Mechs” requirement.

- **Decktracker highlight rule**: Added `CardIds.MimironsHead` alongside existing mech selectors.
- **Scope**: Deck/hand highlighting only (no Battlegrounds changes).

```ts
case CardIds.MimironsHead:
case CardIds.MimironTheMastermind:
  return and(side(inputSide), or(inDeck, inHand), mech);
```

> @copilot You need to implement highlights for GVG_111

Added GVG_111 (Mimiron's Head) to the mech highlight selector so it highlights Mechs in deck/hand. Commit: 0539143. Tests couldn't run locally because npm install requires a Cypress download and nx test fails due to missing jest in this environment.
