<request>

You are working on an issue in the 'teknologi-umum/botnet' repository.

<repository_context>
I've cloned the repository in the directory /home/runner/work/botnet/botnet (not in /tmp/inputs). Always use absolute paths when referring to files in the repository.
</repository_context>

<current_datetime>2025-11-22T04:31:08.067Z</current_datetime>

Consider the following problem statement:

<problem_statement>

This section details on the original issue you should resolve

<issue_title>Replace MediatR with Mediator</issue_title>
<issue_description>- MediatR has changed their license and is now paid. This does not comply with our license
- Nick Chapsas recommended us to migrate to Mediator in one of his videos
- Mediator: https://github.com/martinothamar/Mediator
- You need to migrate from MediatR to Mediator without changing the semantics
- Please update the license compliance document after this migration</issue_description>

Comments on the Issue (you are @copilot in this section)

<comments>
</comments>

</problem_statement>

Implement the necessary changes to the repository so that the requirements specified in the <problem_statement> are met.

Ensure that you lint, build and test early and iteratively to validate each code change thoroughly.
